- 2. Support integration:** OCA will assist legal immigrants as they settle across Alaska, working in partnership with other federal, state and local agencies to ensure a smooth transition into their communities.
- 3. Educate and empower Alaska employers:** OCA will actively engage with Alaska's employers to provide essential information, resources and referrals on the legal immigration process. We will support employers in recognizing and integrating the unique skills and talents that both new immigrants and those already residing in Alaska bring to the workforce.
- 4. Statewide coordination:** With Alaska's private and public-sector partners, OCA will serve as a central hub for immigrants, assisting with employment services, providing advice to the Commissioner to improve employment opportunities, and will build partnerships with state and federal agencies.
